Please read the following to learn more about our Privacy Policy. **By using or accessing the Services in any manner, you acknowledge that you accept the practices and policies outlined in this Privacy Policy, and you hereby consent that we will collect, use, and share your information in the following ways.**

Remember that your use of Zilingo's Services is at all times subject to our [Terms of Use](#), which incorporates this Privacy Policy. Any terms we use in this Policy without defining them have the definitions given to them in the Terms of Use.

What does this Privacy Policy cover?

This Privacy Policy covers our treatment of personally identifiable information ("Personal Data") that we gather when you are accessing or using our Services, but not to the practices of companies we don't own or control, or people that we don't manage. We gather various types of Personal Data from our users, as explained in more detail below, and we use this Personal Data internally in connection with our Services, including to personalize, provide, and improve our services, to allow you to set up a user account and profile, to contact you and allow other users to contact you, to fulfill your requests for certain products and services, and to analyze how you use the Services. In certain cases, we may also share some Personal Data with third parties, but only as described below.

What Information does Zilingo Collect?

We collect Personal Data about you when you provide such information directly to us, when third parties such as our business partners or service providers provide us with Personal Data about you, or when Personal Data about you is automatically collected in connection with your use of our Services.

- Biometric information
- Other data collected that could directly or indirectly identify you
- Data collected from other marketplace accounts to provide the services as listed below

Please note that certain information may be required to register with us or to take advantage of some of our features.

Information Collected Automatically

Whenever you interact with our Services, we automatically receive and record information on our server logs from your browser or device, which may include the following:

- IP address
- Device identifiers and information
- Web browser information
- Page view statistics
- Browsing history
- Usage information
- Cookies and certain other tracking technologies (e.g. web beacons, pixel tags, SDKs, etc.) -
- for more information, see below
- Location information (e.g. IP address, zip code)
- Log data (e.g. access times, hardware and software

information) Additional Information about Cookies:

The Services use cookies and similar technologies such as pixel tags, web beacons, clear GIFs, and JavaScript (collectively, “Cookies”) to enable our servers to recognize your web browser and tell us how and when you visit and use our Site and Services, to analyze trends, learn about our user base and operate and improve our Services. Cookies are small files – usually consisting of letters and numbers – placed on your computer, tablet, phone, or similar device when you use that device to visit our Site. We sometimes combine information collected through Cookies that is not Personal Data with Personal Data that we have about you, for example, to tell us who you are or whether you have an account with us. We may also supplement the information we collect from you with information received from third parties.

Cookies can either be “session Cookies” or “persistent Cookies”. Session Cookies are temporary Cookies that are stored on your device while you are visiting our Site or using our Services, whereas “persistent Cookies” are stored on your device for a period of time after you leave our Site or Services. The length of time a persistent Cookie stays on your device varies from Cookie to Cookie. We use persistent Cookies to store your preferences so that they are available for the next visit, and to keep a more accurate account of how often you visit our Services, how often you return, how your use of the Services may vary over time. We also use persistent Cookies to measure the effectiveness of advertising efforts. Through these Cookies, we may collect

information about your online activity after you leave our Services. Your browser may offer you a “Do Not Track” or “DNT” option, which allows you to signal to operators of websites, and web applications, and services that you do not wish such operators to track certain of your online activities over time and across different websites. Because we collect browsing and persistent identifier data, the Services do not support Do Not Track requests at this time, which means that we may collect information about your online activity both while you are using the Services and after you leave our properties.

Some Cookies are placed by a third party on your device and may provide information to us and third parties about your browsing habits (such as your visits to our Site or Services, the pages you have visited and the links and advertisements you have clicked). These Cookies can be used to determine whether certain third party services are being used, to identify your interests, to retarget advertisements to you and to serve advertisements to you that we or others believe are relevant to you. We do not control third party Cookies.

We use the following types of Cookies:

- **Essential Cookies.** Essential Cookies that are required for providing you with features or services that you have requested. For example, certain Cookies enable you to log into secure areas of our Site or Services. Disabling these Cookies may make certain features and services unavailable.
- **Functionality Cookies.** Functional Cookies are used to record your choices and settings regarding our Services, maintain your preferences over time and recognize you when you return to our Services. These Cookies help us to personalize our content for you, greet you by name, and remember your preferences (for example, your choice of language or region).
- **Performance/Analytical Cookies.** Performance/Analytical Cookies allow us to understand how visitors use our Site and Services such as by collecting information about the number of visitors to the Site, what pages visitors view on our Site and how long visitors are viewing pages on the Site. Performance/Analytical Cookies also help us measure the performance of our advertising campaigns in order to help us improve our campaigns and the Services’ content for those who engage with our advertising. For example, Google, Inc. (“Google”) uses cookies in connection with its Google Analytics services. Google’s ability to use and share information collected by Google Analytics about your visits to the Services is subject to the Google Analytics Terms of Use and the Google Privacy Policy. You have the option to opt out of Google’s use of cookies by visiting the Google advertising opt-out page at www.google.com/privacy_ads.html or the Google Analytics Opt-out Browser Add-on at <https://tools.google.com/dlpage/gaoptout/>.
- **Retargeting/Advertising Cookies.** Retargeting/Advertising Cookies collect data about your online activity and identify your interests so that we can provide advertising that we believe is relevant to you. For more information about this, please see the section below titled “Additional information about interest-based advertisements.”

You can decide whether or not to accept Cookies. One way you can do this is through your internet browser’s settings. Most browsers have an option for turning off the Cookie feature, which will prevent your browser from accepting new Cookies, as well as (depending on the sophistication of your browser software) allow you to decide on acceptance of each new Cookie in a variety of ways. You can also delete all Cookies that are already on your computer. If you do this, however, you may have to manually adjust some preferences every time you visit a site

and some Services and functionalities may not work.

To explore what Cookie setting are available to you, look in the “preferences” or “options” section of your browser’s menu.

Additional information about interest-based advertisements:

We may serve advertisements, and also allow third party ad networks, including third party ad servers, ad agencies, ad technology vendors and research firms, to serve advertisements through the Services. These advertisements may be targeted to users who fit certain general profile categories or display certain preferences or behaviors (“Interest-Based Ads”). Information for Internet-Based Ads (including Personal Data) may be provided to us by you, or derived from the usage patterns of particular users on the Services and/or services of Third Parties. Such information may be gathered through tracking users’ activities across time and unaffiliated properties. To accomplish this, we or our service providers may deliver Cookies, including a file (known as a “web beacon”) from an ad network to you through the Services. Web beacons allow ad networks to provide anonymized, aggregated auditing, research and reporting for us and for advertisers. Web beacons also enable ad networks to serve targeted advertisements to you when you visit other websites. Web beacons allow ad networks to view, edit or set their own Cookies on your browser, just as if you had requested a web page from their site.

- Through the Digital Advertising Alliance (“DAA”) and Network Advertising Initiative (“NAI”), several media and marketing associations have developed an industry self-regulatory program to give consumers a better understanding of and greater control over ads that are customized based on their online behavior across different websites. To make choices about Interest-Based Ads from participating third parties, including to opt out of receiving behaviorally targeted advertisements from participating organizations, please visit the DAA’s or NAI’s consumer opt out pages, which are located at <http://www.networkadvertising.org/choices/> or www.aboutads.info/choices. Users in the European Union should visit the European Interactive Digital Advertising Alliance’s user information website <http://www.youronlinechoices.eu/>.
